Psalm 139:13-16 - You Have a God Given Personal Style!

God made you in a special way and He has a marvelous plan for your life!

Personality is the inward reality of ourselves in outward expressions. This dictionary says, The totality of qualities and traits, as of character or behavior, that are peculiar to a specific person.

Each personal style has strengths and weaknesses. So, we learn about those and improve strengths and overcome weaknesses!

We are going to consider the four personal styles (temperaments or personality types)
